PROFILE

I am working and studying simultaneously. My current position is a Customer Service Specialist in retail at Joblink Oy. I am studying a degree of Bachelor of Business Administration in the field of Informatics, with a specialization in Data Infrastructure and Cloud Services.

I am quick to learn and adopt new things. I am good at working in time-demanding tasks, and I always focus on the quality of my work. Thanks to my studies and my free time, I am skilled with computers and information technology.

WORK EXPERIENCE

- Joblink Oy** 2019 - PRESENT
